Open House Public Meeting
Intersection Improvement WV 7 & CR 857 Project
State Project U331-7-35.35
Federal Project CMAQ-0007(247)D
Morgantown, WV**

Join us on Wednesday, October 7, 2015 from 4:00pm to 7:00pm, at Marilla Park Recreation Center for an informational open house public meeting on the Intersection Improvement WV 7 & CR 857 Project. West Virginia Division of Highways (WVDOH) project representatives will be available to discuss the proposed project and answer questions. There will be no formal presentation, but project maps and other information will be on display, plus a handout with project details. This open house meeting complies with the public involvement requirements of the National Environmental Policy Act (NEPA) and Section 106 of the National Historic Preservation Act.

Project Background

The proposed project will improve the intersection of WV 7 (Earl L Core Road) and CR 857 (Green Bag Road) in the Sabraton area of Morgantown. Originally six alternatives were studied for this area. Due to the complex layout of the WV 7 with CR 857 and Connector intersection and its contribution to the overall poor traffic operations along WV 7 Corridor, the study area was expanded to include the adjacent intersections. The alternatives have been narrowed down to four alternatives and a no-build option.
